Technical Rider and Stage Plan

First of all, thank you for booking a show with our group and your hospitality. We designed this rider for optimum effectiveness at the day of the show, as a best case scenario. If there are any questions or if you have difficulty providing any of the equipment mentioned below, please get in touch with us before the day of the show and we will work out a solution.

Our stage setup is:

Name	Instrument
Hélios Mikhail	Drums
Éric Jacot	Double bass
Denis Guivarc'h	Alto Sax
Aneta George	Piano and voice

We assume that there is a well sized PA system provided for the concert room with sufficient power to supply a clean and undistorted 110dB SPL RMS to the mixing desk and a powerful and feedback-proof monitor system.

Set Up

Instrument	Requirement	Amp	Microphone
Drums	<ul style="list-style-type: none"> - Kick 18' - Snare 14' - Tom 12' - Bass Tom 14' - 1 Drum throne - 1 stand for snare - 1 stand hi-hat - 3 stands for cymbals - 1 drum rug - 1 music stand 		Your usual microphone setup for drums.
